Benefits.

6-piece warding file set for precision filing work in tool and mould making.

Can be used for all deburring, finishing, fitting and repair work.

The practical textile case offers a well-organised storage solution.

The set includes an application-oriented selection of the most common files: a triangular file, flat blunt file, flat pointed file, round file, half-round file and a square file.

With non-slip real wood handle for comfortable and safe work.

Product highlights.

Wide range of applications.
The areas of application for key files cover a wide range in industry, manual trades and DIY: from precise shaping, for example of metal, to smoothing wood and plastic, to working on ceramics.

Safe storage.
The set comes in a practical textile bag. This makes it convenient and space-saving to carry anywhere. The bag is equipped with transparent mesh inserts that allow you to quickly see if all the tools are there.

High-quality workmanship.
The tool is forged from high-quality Chrome Alloy Steel, which gives it outstanding stability and resistance to continuous use. It is also chrome-plated for corrosion resistance.
